A New Bishop

Bishop Martin retires at the end of May, and as a diocesan family we are beginning the search for his successor. Have your say in the appointment online

at tinyurl.com/next-bishop or by scanning this QR code. It will take only a few minutes to complete the questionnaire, and the consultation is open until Tuesday 26th May. We

welcome responses from everyone.

You can find out more about the process for appointing our next bishop online at:

With best wishes

ECO TIPS: Lighten the Load

It's easy to forget what's in the boot or back seat of your car, but every extra kilogram adds to your car's workload. Removing unnecessary items (especially heavy ones like golf clubs, toolboxes, or bags of compost that you've been meaning to drop off for weeks) can improve fuel efficiency.

Similarly, remove roof boxes and racks when not in use because they create additional drag, so your engine must work harder and consume more fuel to get up to speed.
